

This is the first screen after clicking on our app from your Android's home screen. To deposit a check, click "Deposit Check."

Enter Log In ID (Member #) and password. Click on "Log In."

Screen shot 1

Click on the Deposit Account you would like to make a deposit into.

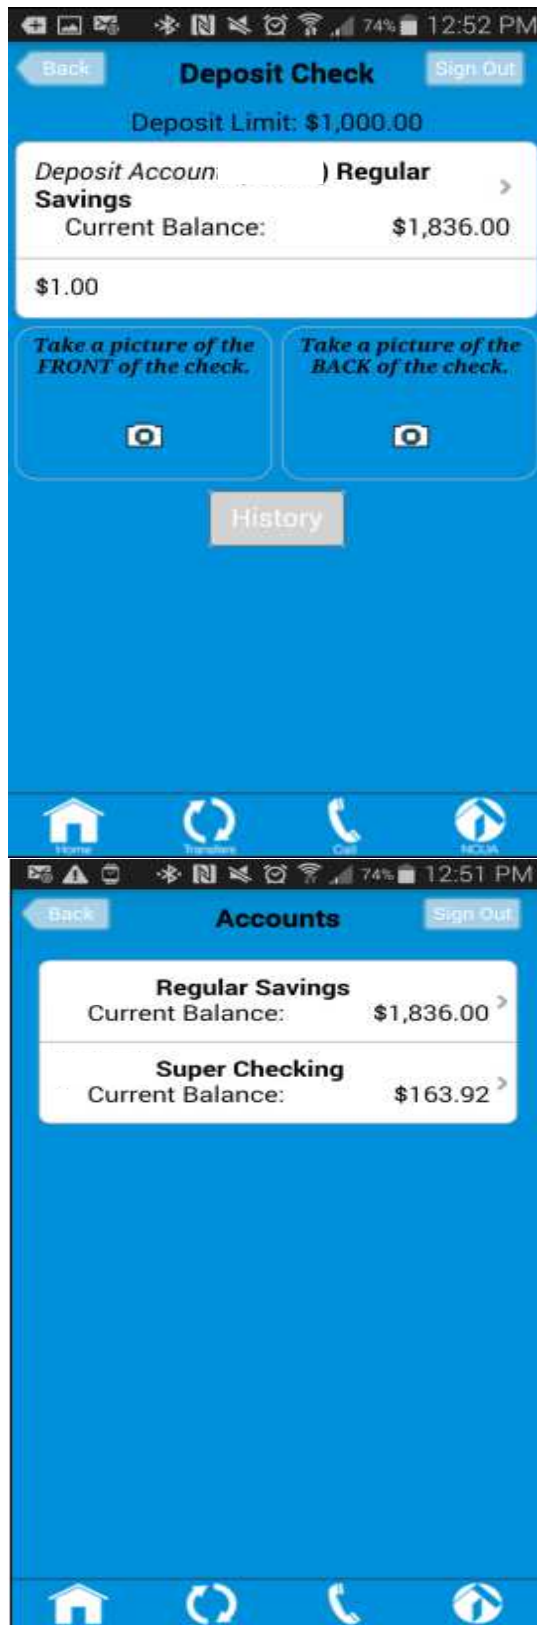

The screen will show your Daily Deposit Limit at the top of the screen less any deposits already made for the current day. Enter the check amount in dollars and cents field without typing in the decimal.

Screen shot 2

Click on the account you want to deposit the money in to. After clicking on the account the deposit feature will take you back to screen shot 1.

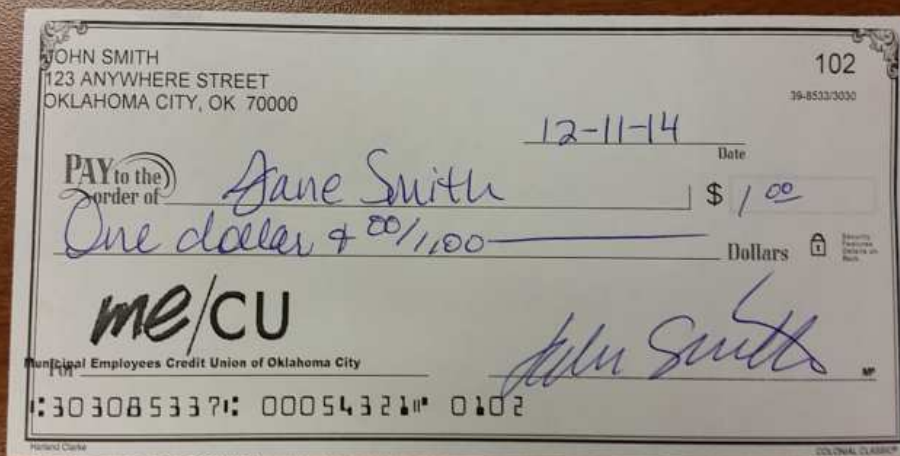

Screen shot 1

After verifying the check is endorsed, includes proper signatures and the words "MCD ONLY", you may then submit the item by clicking on the Camera icon in the 1st box stating FRONT of check. Line up check in box and take picture. Repeat this step for the back of the check

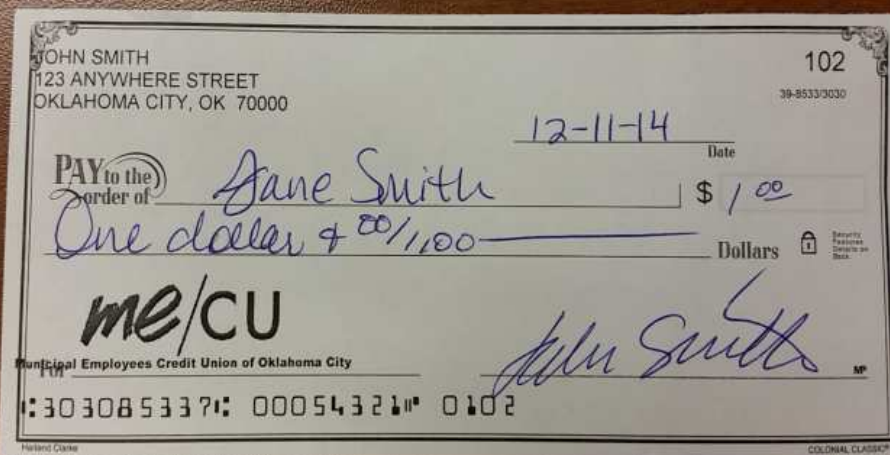

When the check is lined up inside the four corner borders, click on the camera button to the right. If the image is acceptable, then click on the check mark to the right of the check to save. Turn the check over and repeat these steps.

FRONT of Check

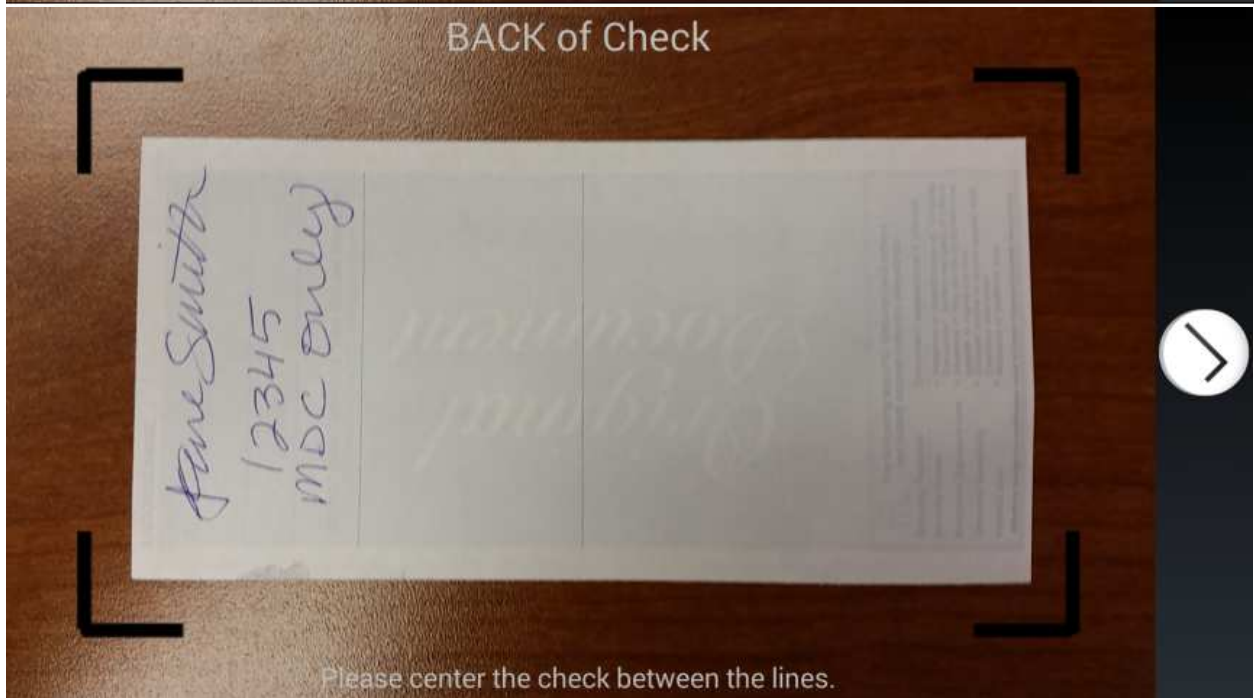

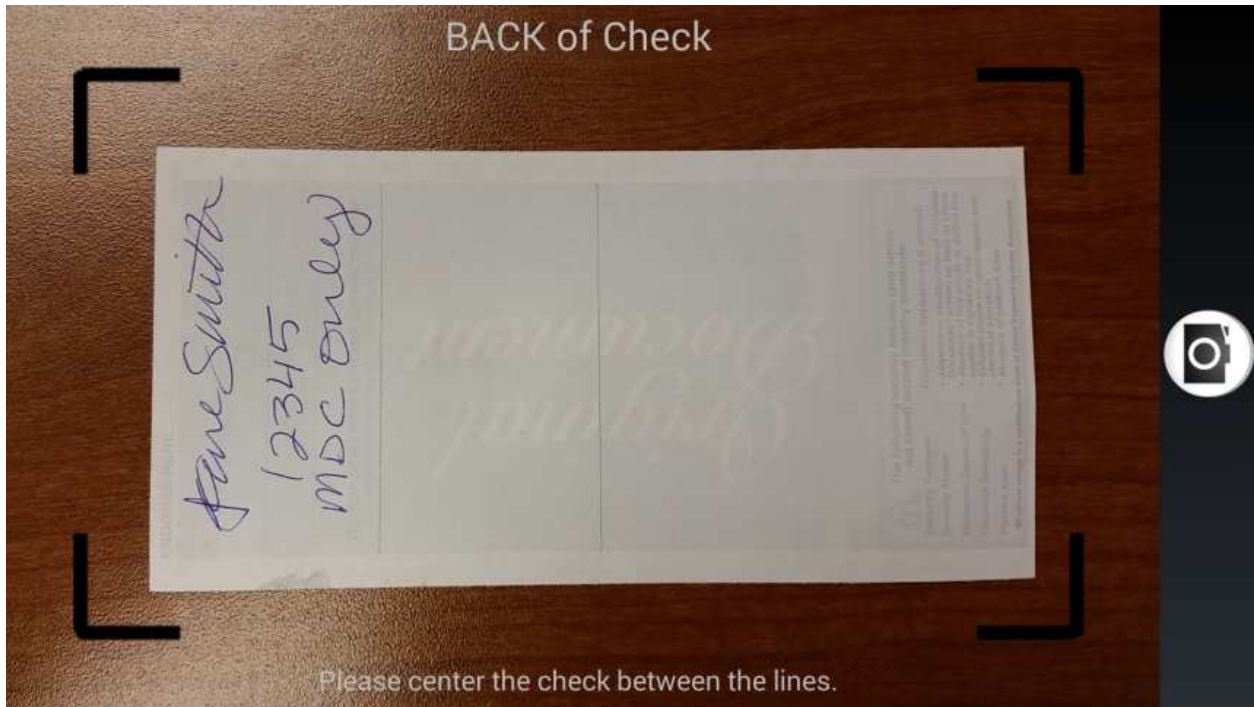

Please center the check between the lines.

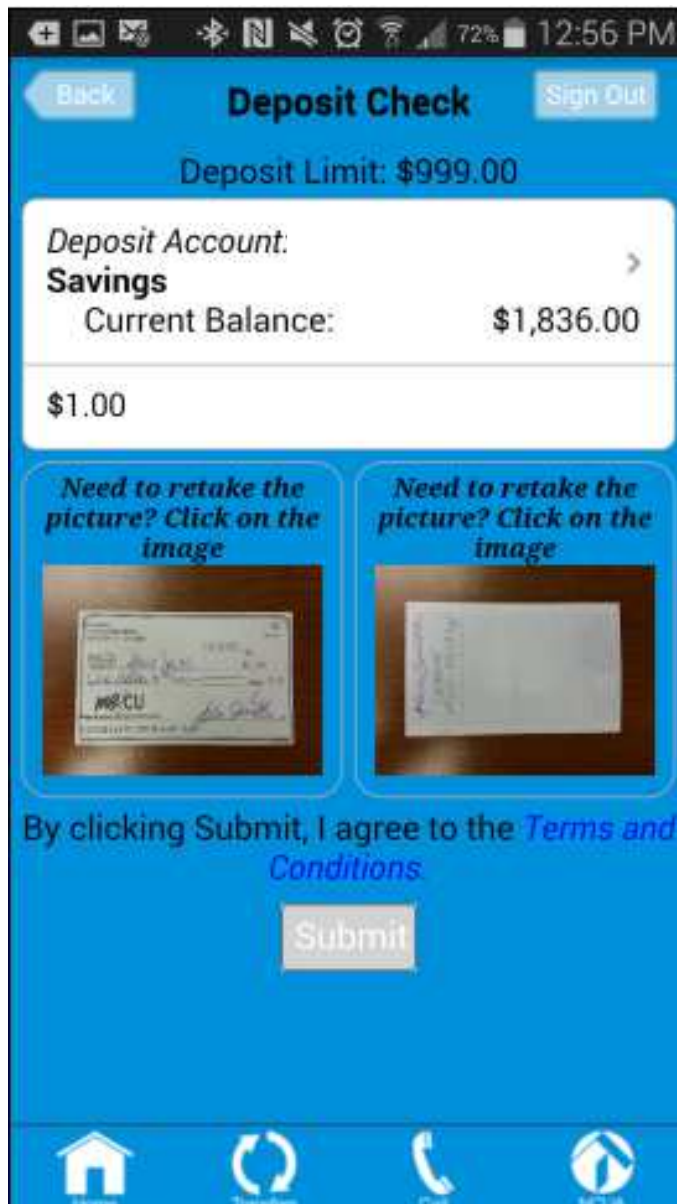

FRONT of Check

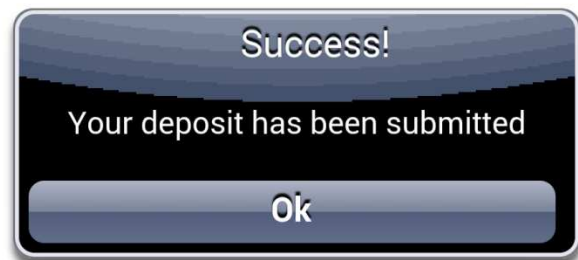

Please center the check between the lines.

Once both sides of the check are saved and you have verified your account and the amount of the check click "Submit." You should receive a "Successful" message.

After receiving the message that the data was captured successfully and after clicking on the "OK" button the system will take you back to the Deposit Account screen where you can access the History.

After clicking on the History button the screenshot to the right will display showing the status of the check.

The check will show as "Needs Review" until the check has been reviewed by personnel who will either accept or reject the check.

If the check is rejected the member will receive a notification as to why.
