### TRUTH-IN-SAVINGS ACCOUNT DISCLOSURES

Except as specifically described the following apply to all of the accounts. All accounts described in this Rate and Fee Schedule are share accounts or share draft accounts.

### RATE INFORMATION

The Annual Percentage Yield is a percentage rate that reflects the total amount of dividends to be paid on an account based on the dividend rate and frequency of compounding for an annual period. For Savings, IRA Share, Money Market Checking accounts, and Super Checking, the Dividend Rate and Annual Percentage Yield may change monthly/quarterly as determined by the Credit Union's Board of Directors. The Dividend Rates and Annual Percentage Yields are the rate and yields of the last dividend declaration date which is set forth in the Rate Schedule.

### NATURE OF DIVIDENDS

Dividends are paid from current income and available earnings after the required transfers to reserves at the end of the dividend period.

### DIVIDENDS COMPOUNDING AND CREDITING

The compounding and crediting of dividends applicable to each account is set forth in the Rate Schedule. The Dividend Period is the period of time at the end of which an account earns dividend credit. The Dividend Period begins on the first calendar day of the Dividend Period and ends on the last calendar day of the Dividend Period.

### ACCRUAL OF DIVIDENDS

For Savings, IRA Share, Money Market, and Super Checking accounts, dividends will begin to accrue on non-cash deposits (e.g. checks) on the business day you make the deposit to your account. For Savings, IRA Share, Money Market, and Super Checking accounts, if you close your account before accrued dividends are credited, accrued dividends will not be paid.

### BALANCE INFORMATION

The minimum balance requirements applicable to each account are set forth in the Rate Schedule. For Money Market Checking accounts, there is a minimum daily balance required to avoid a service fee for the dividend period. If the minimum daily balance is not met, there is a minimum balance required to avoid a service fee for the dividend period. For Super Checking there is no minimum balance requirement. For IRA Share accounts, there is a minimum balance to be met at the end of the year to avoid a service fee. If the minimum daily balance is not met, there will be a service fee as set forth on the reverse side. For Savings, IRA Share, Money Market and Super Checking accounts using an Average Daily Balance method, dividends are calculated by applying a periodic rate to the average daily balance in the account for the dividend period. The average daily balance is determined by adding the full amount of the principal in the account for each day of the period and dividing that figure by the number of days in the period. For the Gold Savings accounts, there is a minimum daily balance required to obtain the Annual Percentage Yield for the dividend period. If the minimum daily balance is not met, you will not earn the stated Annual Percentage Yield. For all accounts using a Daily Balance method, dividends are calculated by applying a daily periodic rate to the principal in the account each day. All Business Checking Accounts will incur a \$15.00 per month fee.

### ACCOUNT LIMITATIONS

For Savings accounts, no more than six (6) pre-authorized, automatic, or telephone transfers may be made from these accounts to another account. If you exceed these limitations, your account may be subject to a fee or be may closed. For Savings accounts, three (3) withdrawals per quarter are allowed, after which a fee will be imposed. For IRA Share accounts, there will be a withdrawal fee imposed if you are under the age 59 1/2. For Gold Savings, Money Market Checking, and Business Checking accounts, no account limitations apply. HELOC Checking account withdrawals are limited to the available balance of the HELOC.

In order to be eligible for dividends, to be paid to the Super Checking account, all of the following qualifications apply: you must make twelve (12) signature-based visa debit card transactions (Online check card transactions and pay-at-the-pump as signature based transactions) per month, have at least one (1) Direct Deposit or ACH deposit per month, use E-statements or On-line banking monthly, and have at least one (1) auto debit or bill pay deduction per month from your checking account.

Super Checking accounts opened after July 1, 2012 are limited to dividend earnings on not more than one Super Checking account.
