## TRUTH-IN-SAVINGS ACCOUNT DISCLOSURES

 the following apply to all of the described in this Rate and Fee Schedule are share accounts or share draft accounts.
## RATE INFORMATION

The Annual Percentage Yield is a percentage rate that reflects the total amount of dividends to be paid on an account based on the dividend rate and frequency of compounding for an annual period. For Savings, IRA Share, Money Market Checking Percentage Yield may change monthly/quarterly as determined by the Credit Union's Board of Directors. The Dividend Rates and Annual Percentage Yields are the rate and vields of the last dividend declaration date which is set forth in the Rate is set forth in the Rate

## NATURE OF DIVIDENDS

Dividends are paid from current income and available earnings after the required transfers to reserves at the end of the dividend period.

DIVIDENDS COMPOUNDING AND CREDITING
The compounding and crediting of dividends applicable to each account is set forth in the Rate Schedule. The Dividend Period is the period of time at the end of which an account earn dividend credit. The Dividend Period begins on the first calendar day of the Dividend Period.

## ACCRUAL OF DIVIDENDS

For Savings, IRA Share, Money Market, and Super Checking accounts, dividends will begin to accrue on non-cash deposits (e.g. checks) on the business day you make the deposit to you account. For Savings, IRA Share, Money Market, and Super Checking account, if you lose your accourt before accrued dividends are credited, accrued dividends will not be paid.

## BALANCE INFORMATION

The minimum balance requirements applicable to each account are set forth in the Rate Schedule. For Money Market Checking e required to avoid a balance is ne mividend period. If the minimum daily avoid a service fee for the dividend period. For Super Checking there is no minimum balance requirement. For IRA Share accounts, there is a minimum balance to be met at the end the year to avoid a service fee. If the minimum daily balance is not met, there will be a service fee as set forth on the reverse side. For Savings, IRA Share, Money Market and Super Checking accounts using an Average Daily Balance method, dividends are calculated by applying a periodic rate to the average daily balance in the account for the dividend period. The average daily balance is determined by adding the full amount of the principal in the account for each day of the period and dividing that figure by the number of days in the period. For the Gold Savings accounts, there is a minimum daily balance required to obtain the Annual Percentage Yield for the dividend period. If stad Annual Percentage Yield. For all accounts using a Daily Bala A method dividends are calculated by applying a daily periodic rate to the principal in the account each day. All Business Checking Accounts will incur a $\$ 1500$ per month
