

EARLY WITHDRAWAL PENALTY

We may impose a penalty if you withdraw any of the principal before the maturity date.

AMOUNT OF PENALTY

For all accounts, the amount of the early withdrawal penalty is based on the term of your account. The penalty schedule is as follows:

| TERM | PENALTY |
|-------------------------|--------------------|
| • 6 to 12 months | 90 days dividends |
| • 15- 24 months | 180 days dividends |
| • 36 to 60 months | 270 days dividends |

HOW THE PENALTY WORKS

The penalty is calculated as a forfeiture of part of the dividends that have been or would be earned on the account. In other words, if the account has not yet earned enough dividends or if the dividend has already been paid, the penalty will be deducted from the principal.

EXCEPTIONS TO EARLY WITHDRAWAL PENALTIES

At our option, we may allow withdrawals before maturity without imposing an early withdrawal penalty under the following circumstances.

- (i) When an account owner dies or is determined legally incompetent by a court or other body of competent jurisdiction.
- (ii) Where the account is an Individual Retirement Account (IRA) and any portion of the principal is withdrawn within seven (7) days after establishment; or where the account is a Keogh Plan (Keogh) provided that the depositor forfeits an amount of at least equal to the simple dividends earned on the amount withdrawn; or where the account is an IRA or Keogh and the owner attains age 59 1/2 or becomes disabled.

RENEWAL POLICY

The renewal policy for your account is indicated on the reverse side. For all accounts, your account will automatically renew for another term upon maturity. For all accounts, you have a grace period of ten (10) business days after maturity in which to withdraw funds in the account without being charged an early withdrawal penalty.

NONTRANSFERABLE / NONNEGOTIABLE

Your account is nontransferable and non-negotiable. The funds in your account may not be pledged to secure any obligation of an owner, except obligations with the Credit Union.

TRUTH-IN SAVINGS ACCOUNT DISCLOSURES

Except as specifically described, the following disclosures apply to all of the accounts.

RATE INFORMATION

The Annual Percentage Yield is a percentage rate that reflects the total amount of dividends to be paid on an account based on the dividend rate and frequency of dividend compounding for an annual period. For all accounts, the Dividend Rate and Annual Percentage Yield are fixed and will be in effect for the term of the account. The Annual Percentage Yield is based on an assumption that dividends will remain on deposit until maturity. A withdrawal of dividends will reduce earnings.

DIVIDENDS COMPOUNDING AND CREDITING

The compounding and crediting of dividends applicable to each account is set forth in the Rate Schedule. The Dividend Period begins on the first calendar day of the Dividend Period and ends on the last calendar day of the Dividend Period. For Share and IRA Share Certificate (2) Accounts, the dividends are distributed quarterly to the member.

BALANCE INFORMATION

The minimum balance requirements applicable to each account are set forth in the Rate Schedule. For all accounts, dividends are calculated by the Daily Balance method that applies.

ACCRUAL OF DIVIDENDS

For all accounts, dividends will begin to accrue on deposits (e.g. checks) on the business day you make the deposit to your account. For all accounts, if you close your account before accrued dividends are credited, accrued dividends will not be paid.

TRANSACTION LIMITATIONS

After your account is opened, your ability to make additional deposits or withdraw dividends (and any limitations on such transactions) are set forth in the Rate Schedule.

MATURITY

Your account will mature as indicated on this Rate and Fee Schedule or on your Account Receipt or Renewal Notice.
